

USER MANUAL

Installing

- While the computer is running, simply plug the USB Flash Drive into any USB port on your computer to use.
- The system will recognize and set up the driver automatically. No additional driver installation is required.
- For Windows, you will find a new drive icon “Removable Disk” or “Local Disk” installed on your system.

Removing your flash drive from a Windows computer

Use the “Safe to Remove Hardware” icon in the Taskbar notification area.

1. Right-click on the “safe to remove hardware” icon.
2. Select the device you want to remove, and then click Stop.
3. Windows will notify you that it is safe unplug the USB Flash Drive.

Removing your flash drive from an Apple computer

1. Drag the removable disk to the desktop Trash icon.
2. Unplug your USB Flash Drive.

Note: Some of the 8GB storage capacity is allocated to formatting and is not available for data.
